

ONCOGENIC VIRUSES

RNA VIRUSES

-
-

DNA VIRUSES

-
-
-
-
-

Epstein-Barr virus (EBV)

- Transmission
- human cancers:
-
-
-

Human Papilloma virus (HPV)

- Transmission
- Human cancer

Hepatitis C virus (HCV)

- Transmission
- Human cancer

Hepatitis B virus (HBV)

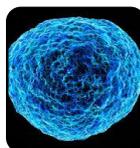

- Transmission
- human cancers:

Human Herpes virus type 8 (HHV-8)

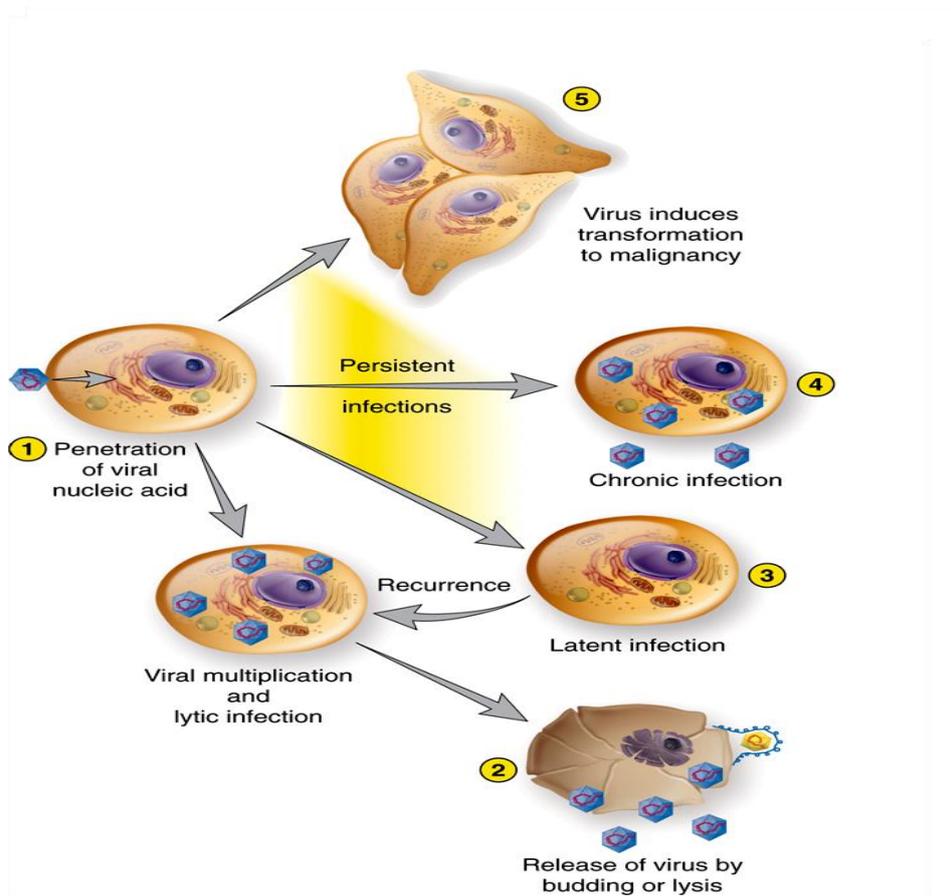

- Transmission
- Human cancer

Human T-cell Leukemia virus type 1 (HTLV-1)

- Transmission
- Human cancer

ONCOGENIC VIRUSES

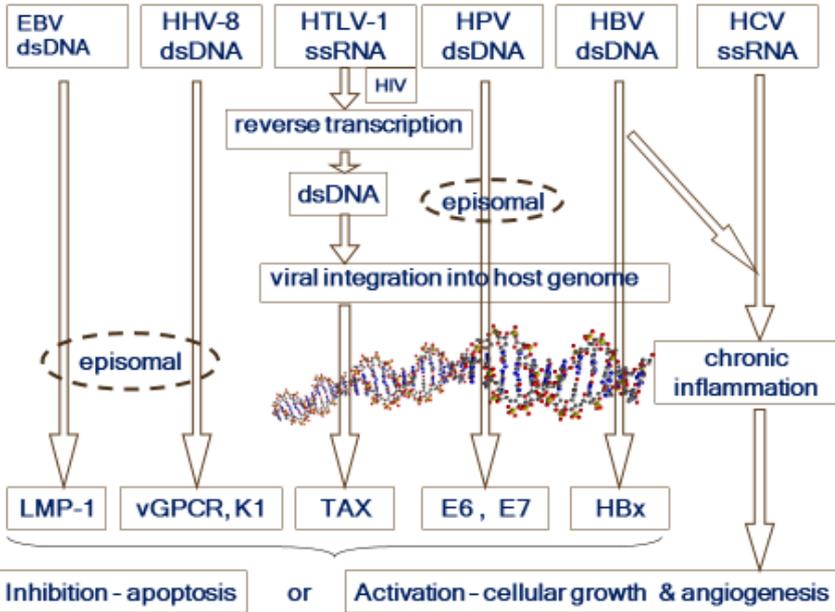

Latent virus infection

Chronic virus infection

Slow virus infection

ONCOGENIC VIRUSES

Characteristics of transformed cells:
