

Regulations of didactic activities

Division of Population Studies and Prevention of Noncommunicable Diseases for Students of the Faculty of Dentistry in the academic year 2023/2024

1. **The timetable** for the public health course is determined by the **Year Tutor**.
2. Students are required to systematically prepare for seminars, according to the topics specified in the course syllabus.
3. **In order to receive credit in the course of Public Health, it is necessary to:**
 - attend 100% of classes AND
 - passing a minimum of two out of three subtests AND
 - obtain a minimum of 60% of the points (satisfactory grade) from a credit test based on questions from the CEM-LDEK database.
4. Getting a credit in each subject will be possible after making up all missed seminars. Any absence must be made up, including absences due to Rector's days and Dean's hours.
5. Making up absences from seminars of Public Health is possible only during class hours with other groups by prior arrangement with the teaching assistant professor (dr Katarzyna Połtyn-Zaradna).
6. Transfer students may apply to the Head of the Department of Population Health (Dr. Katarzyna Zatonska, Prof. UMW) for recognition of credit for a public health course obtained at another university. On the basis of:
 - written application with a request for recognition of credit in a course, submitted before the start of classes,
 - the application must be accompanied by a detailed course syllabus and a confirmation of obtaining a satisfactory grade at another university.

Each time, the Head of the Department, after a detailed comparison of educational programs (syllabuses), makes an individual decision to recognize credit for a course from another university in full (without taking a credit test) or in part (exempting the student from the obligation to attend certain seminars) or to refuse to recognize the credit due to lack of merit for it.

7. It is unacceptable for students of lower years of study to make up seminars of Public Health in advance.
8. In case of doubt or in case of unforeseen individual circumstances, please report to the Assistant Teaching Professor (Dr. Katarzyna Połtyn-Zaradna). Disputable issues will be

decided by the Head of the Department of Population Health (Dr. Katarzyna Zatońska, Prof. UMW).
