

**List of rigorous subjects referred to in §40 sec. 3 point 3 of the Study Regulations of Wrocław Medical University, effective from the education cycle of 2021/2022**

Faculty	Field of study	Level of study (first cycle/ second cycle/full cycle Master's degree program)	Year of study	Semester	Subject
Medical Studies	Medical Studies	full cycle Master's degree program	I	winter/summer	Anatomy
			II	winter/summer	Physiology
			III	winter/summer	Pharmacology and Toxicology
Medicine and Dentistry	Medicine and Dentistry	full cycle Master's degree program	I	winter/summer	Normal Anatomy
			II	winter/summer	Biochemistry
			II	winter/summer	Biochemistry with elements of chemistry
			III	winter/summer	Pharmacology
Pharmaceutical	Pharmacy	full cycle Master's degree program	I	winter/summer	Inorganic Chemistry
			II	winter/summer	Organic Chemistry
			III	winter/summer	Medicinal Chemistry
	Medical Analytics	full cycle Master's degree program	I	winter	Anatomy
			I	summer	Immunology
			II	winter	Physiology
			II	summer	Clinical Chemistry
			III	winter	Haematology
			III	summer	Clinical Chemistry
	Nutrition	first cycle	I	summer	Human Nutrition 1
			II	winter/summer	Basics of Nutrition 1 and 2
		second cycle			Dietary Prevention and Treatment of Non-Communicable and Nutrition-Related Diseases
			I	summer	
			II	winter	Nutrition of Pregnant and Nursing Women/Nutrition of Young Children
Health Sciences	Physiotherapy	full cycle Master's degree program			Normal Human Anatomy I/ Normal Human Anatomy II
			I	winter/summer	
	Medical Rescue	first cycle	II	winter/summer	Kinesiotherapy II / Kinesiotherapy III
			II	winter/summer	Medical Rescue Procedures
			III	winter	Medical Rescue Procedures

	Nursing	first cycle	I	winter	Anatomy
			I	summer	Basics of Nursing
	Midwifery	first cycle	I	winter	Anatomy
			I	summer	Basics of Midwifery
			II	summer	Midwifery Techniques and Labour Management
