

GENERAL MICROBIOLOGY WITH MICROBIOLOGY OF THE ORAL CAVITY

WL-S English Division, the academic year 2025-2026

Meeting Times

Lectures (30h); Friday (15.00-16.30) MS Teams

Lecture Schedule

Date		Topic
1.10.2025	1	15.30-17.00 (3.30 p.m. - 5.00 p.m.) Introduction to medical microbiology.
3.10.2025	2	Gram-Positive Cocci
10.10.2025	3	Human-Microbe Interaction. Human microbiota.
17.10.2025	4	Gram-Positive Bacilli and Acid Fast Bacteria.
24.10.2025	5	Gram-Negative Cocci and Fastidious Bacilli
31.10.2025	6	Gram-negative Bacilli of <i>Enterobacterales</i> and Nonfermenters
7.11.2025	7	Gram-positive Sporulating Bacilli
14.11.2025	8	Gram-positive and Gram-negative, Anaerobic, Non-Sporulating Bacteria
21.11.2025	9	Chemotherapy of Bacterial Infections. Antimicrobial Resistance.
28.11.2025	10	Curved and Spiral-Shaped Bacilli. Atypical Bacteria.
5.12.2025	11	Introduction to medical mycology. Fungal infections of oral cavity.
12.12.2025	12	Orofacial bacterial infections.
19.12.2025	13	Biofilms as architects of diseases. Dental biofilm.
16.01.2026	14	Introduction to medical virology. Orofacial viral infections.
23.01.2026	15	Blood-borne viruses.
