Please be advised that, in accordance with the current **Regulations of Studies**:

- The average grade for the course of study is calculated as the arithmetic mean of all grades obtained from examinations. This average is rounded to the second decimal place following standard mathematical rules: if the next digit is 5 or greater, the average is rounded up.
- The date of completion of studies is determined by the date of passing the final examination required by the study plan.
- A certificate of the average grade for the course of study is issued immediately after the credit/examination protocols are finalized and all required documents are submitted by the graduate student to the Dean's Office.
- Within 30 days of submitting the required documents to the Dean's Office and completing the final examination, the University will make an entry into the Diploma Register and issue the Diploma of Completion of Studies, along with certified copies and the Diploma Supplement, to the Graduate.
