

Wojewódzki Szpital Specjalistyczny we Wrocławiu
ul. Kamińskiego 73 a
51-124 Wrocław

Students who start their internship must report directly to the ward to the tutor of internship with the confirmation of the COVID-19 vaccination. If they are not vaccinated, they must swab themselves (**no earlier than two days before the start of their apprenticeship**).

If the swab is positive, the internship cannot take place, in which case this must be reported to the dean's office, which will report the fact to hospital staff.

The list of internship tutors:

1. **3rd year** – Internal Diseases Department - Oddział Chorób Wewnętrznych - lek. Anna Grudzień, lek. Kamil Szymczak.
2. **3rd year** – Cardiology Department - Oddział Kardiologiczny - lek. Agnieszka Hoffmann, lek. Adam Pacan.
3. **4th year** – Surgery Department - Oddział Chirurgii Ogólnej - lek. Anna Łoś, lek. Grzegorz Sęk, lek. Marek Zawadzki.
4. **5th year** – Gynecology-Obstetrics Department - Oddział Położniczo-Ginekologiczny - lek. Joanna Nestorowicz-Czermianin.
5. **5th year** – Pediatrics Department - Oddział Pediatriczny - lek. Magdalena Żywirska, lek. Anna Fronia.

Initial job training is conducted by the supervisor at the internship site on the day the internship begins in the position.

In addition, they must have proof of accident insurance and a copy of valid examinations:

- **current certificate of medical examination for sanitary-epidemiological purposes,**
- **vaccination against hepatitis B and against COVID-19 or negative swab result.**

Every student is obliged to get acquainted with the "**Procedure of proceeding after occupational exposure to HIV, HBV, HCV infection**", which is obligatory at the University.
